

# The Tax Equity and Fiscal Responsibility Act (TEFRA) of 1982, Section 134

<p>Does your state have a TEFRA program (a state plan amendment)?</p>	<p><i>Tip: Use the “Medicaid Financial Eligibility for Seniors and People with Disabilities” resource from KFF as a starting point. Appendix Table 1 includes data about whether states have a Katie Beckett program, and whether it is implemented through a waiver or state plan amendment (SPA). If your state includes a check mark and “waiver”, we will come back to that later on in this chapter: <a href="https://www.kff.org/report-section/medicaid-financial-eligibility-for-seniors-and-people-with-disabilities-findings-from-a-50-state-survey-appendix-tables/">https://www.kff.org/report-section/medicaid-financial-eligibility-for-seniors-and-people-with-disabilities-findings-from-a-50-state-survey-appendix-tables/</a></i></p>
<p>If yes, include the program name and link to any relevant web pages that provide information about enrollment and eligibility.</p>	<p><i>Next, visit your state’s Medicaid agency website to learn more. Include the program link here.</i></p>
<p>What do families need to do to apply for your state TEFRA program?</p>	<p><i>Include instructions that families must follow to enroll a child in the state TEFRA program.</i></p>
<p>What are your state’s criteria for determining an institutional level of care?</p>	

Public Health Essential Service #1, # 3 & #7	<b>Reflection Questions:</b>	
	What role does your state Title V CYSHCN program play in promoting your state's TEFRA program?	
	What is your capacity to promote or provide education to families and others about your state's TEFRA program?	
	What opportunities does your Title V program have to hear about families' experiences with TEFRA?
